Print options

PRINTING ON the surface of the film decreases the reflective area and can compromise visibility.

PRINTING BELOW the film gives you a reflective surface with an efficiency factor of 100%.

Meeting the standard

What they are

SlapWraps not only provide 360° visibility, but they're also fun and ideal for carrying promotional messages. Additionally, by using SlapWraps certified to meet the EN 13356: 2001 standard you make traffic safety a feature of your campaign.

How they work

Slip

Slap

Wrap

What you can do

SlapWraps can be printed on the reflective film and below it, as well as on the back, using a screen-printing process. Printing below the film gives you the optimum reflective capacity required to meet the EN 13356: 2001 standard. Printing on the reflective film can compromise the reflective efficiency of the SlapWrap; to meet the requirements of the standard the print area should be less than 10% of the total external surface area.

SlapWraps

Maxi SlapWrap **MXSW-7-4400** 30 x 440 mm

SlapWrap **MXSW-7-3800** 30 x 380 mm

ROAD SAFETY KIT

- 1 Safety vest
- 1 Slapwrap
- 2 Reflective hangers
- 1 Reflective sticker

Art. no. 500-74489

Boxes colour range

We also offer bespoke Pantone colours on request.

MyKit Small box: 10 cm x 13 cm x 3 cm
MyKit Medium box: 16 cm x 22 cm x 4 cm
MyKit XL box: 20 cm x 24,5 cm x 7,5 cm

MyKit Safety Campaign

You can now mix our reflective products in our standard MyKit boxes, and make a nice safety packaged. 3 box sizes available.

Medium Size MyKit with reflective content

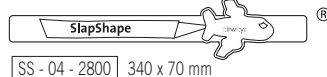

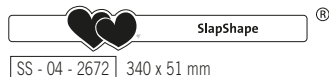

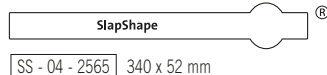

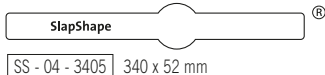

We have made a MyKit box which can contain different reflective products like the one shown on this page. You can customize both the content as well as the labels on both sides.

SlapShapes®

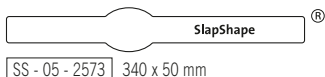

Forming the shape. The SlapShape® is a SlapWrap with a profile formed using our registered process to give you a distinctive promotional item that takes the SlapWrap concept just one step further. Beside our standard SlapShape®

profiles, we're able to make customised profiles to reflect the specific shape requirements of your logos and messages. Just let us know what you want, and we'll give you a solution.

Disney promotion

Unique Co branding with Disney.

Disney Hangers, slap wraps, vests

Co branding with Disney's variety characters, is a popular give a way for kids.

However, it is a must that Disney approves the companies, using this unique opportunity. Print of logo can only be printed on the back side of the reflector.

We must all be seen.

Hangers are effective and popular safety devices for enhancing the visibility of children in all weather conditions. With their high performance reflections, they ensure, that children are highly visible on the street and in the playground.

Attachments and packaging

While our hangers are usually supplied with string/safety pin fasteners, it's possible, by using an alternative attachment method, to convert standard hangers into customised key ring tags or mobile phone reflectors.

You can choose between two fastening options: the standard string/safety pin or a chrome-plated ball chain.

All items are pre-packed in re-sealable polyethylene bags. With orders exceeding 100,000 units we can reinforce your message with a personalised message printed on the packaging.

Measuring reflection.

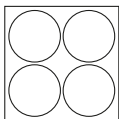

Send us your design for a hanger or a sticker, we measure the reflective area of the surface to ensure it has a minimum reflecting surface of 15 cm² on both sides in accordance with the requirements of EN 13356: 2001.

It's worth remembering that promotional reflective accessories must comply with EN 13356. Minimum reflective area; 15 cm².

Small product, high value

Everyone benefits from being visible. In fact anyone enjoying outdoor activities is a potential customer for reflective products. Reflective stickers are ideal for use in high penetration campaigns on restricted budgets. You can either use our standard shapes or design your own: just send us an outline of what you'd like produced and we'll get back to you with a range of options.

NEW! Super sticky sticker.

The reflector can be placed on bags, coats, cycle helmets etc. on a clean, smooth and dry surface. It sits firmly after 36 hours. Tolerate wash at 40°C (wash inside out).

Hard reflectors

In production since the 1960s, these double-sided hard hangers are still just as efficient reflectors. Hard reflectors can be silk-screen printed with logos and messages and they also comply with the EN 13356 standard.

Collars

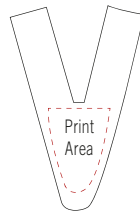

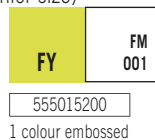

Cycling around. THE RFX™ COLLAR is a reflective safety product with a large printing area for promotional messages that's available in either high visibility fabric or reflective film. Because it's smaller and handier than a safety vest, the collar is ideal for kids. You can choose between a full reflective collar and a more economical version where only the front triangular flap is reflective. Both versions have a clip fastening for securing the collars to clothing and the film versions have pre-determined shoulder breaks for additional safety.

Safety vest - for kids. EN 1150

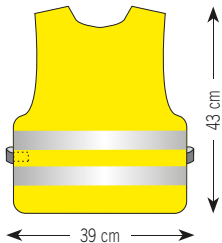

Playing. The PT2000 safety vest for children between 2 and 10 years old has proven popular in campaigns. Conforming to the European Standard EN 1150: 1999 (the standard applicable for non-professional use), the vest increases visibility and, with its elasticised hook and loop-type fasteners, is easy for kids to use.

It's available in the standard colour of fluorescent yellow although, by special request, we can supply it in orange, pink or green. The PT2000 Safety Vest for adults is ideal not only for enhancing the visibility of pedestrians and cyclists on the street but also, when printed with logos and brands, as give-aways at sporting and other outdoor events.

Cycling raincoat in Danish design

No Rain is a new type of raincoat developed especially for cyclists

Allows body heat to escape

Optimizes mobility and vision

Designed to stay close to your body, even in strong winds

Simple, elegant and enhances road safety

Designed for people who love to cycle

Good reasons to choose No Rain

Aerodynamically optimized

More compact than other raincoats

Attaches to the handlebars and is easily accessible

Easy to put on and take off when showers start and stop

Available in four sizes and adjustable for your body position

Ample space for a shoulder bag or backpack underneath

No Rain has:

- A front part that is large enough to cover a basket
- A back part that stays close to your back through an adjustable waist strap
- An adjustable hood sewn into the collar that enables you to see in any direction while cycling, can be stored in the collar and can be placed over a helmet
- Elastic bands in front to keep NO RAIN away from the fender and wheel
- A strap on the inside to keep NO RAIN taut from your shoulders and over the handlebars
- A pocket that also serves as a waterproof storage bag
- Large reflective strips to make you visible in all conditions
- Reflective edge strips that highlight the elegant design
