Innovation in notebooks has arrived! Lainas Products present the new Eco Notebook product range, providing an innovative, eco friendly solution.

Both the outer cover surfaces and the unique binding rings can be customised, with the images on the rings visible whether the books are open or closed. As an environmentally friendly alternative to metal and plastic spiral binding, paper based binding is 100% recyclable.

Lainas Products präsentiert die innovative, nachhaltige Produktreihe Eco Notebooks.

Umschlag, Papier-Bindungsringe und Innenseiten können individuell gestaltet werden. Der Druck auf den Papierringen bleibt sichtbar, auch wenn das Buch geöffnet ist.

Als umweltfreundliche Alternative zur Spiral-, Drahtkamm und Plastikspiralbindung ist die Papierbindung zu 100% recycelbar.
